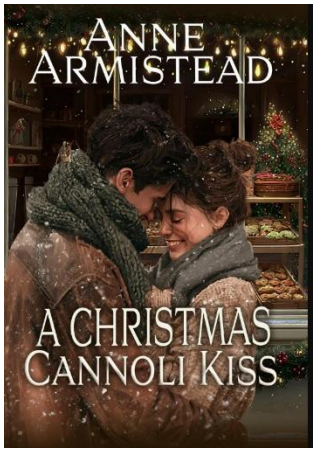
A CHRISTMAS CANNOLI KISS, A Sweet Christmas Romance
Author: Anne Armistead



Coming home for Christmas was supposed to be a fresh start, not a second chance at first love.

When Isabella moves back home to Pittsburgh, she doesn't expect to run into her teenage crush, Nate . . . or discover he's back to close the sale of her beloved neighborhood bakery to a developer who plans to replace it with a parking deck.

Determined to save the bakery and the memories it holds, Isabella sets out to decipher her mom's smudged recipe for her famous cannoli cookies. Marketing them as a holiday special could give the struggling shop a second chance. But falling for Nate again complicates everything, especially when his career depends on the deal she's determined to stop.

Can Isabella save the bakery and still give her and Nate a second chance at love in time for **A Christmas Cannoli Kiss?**

READER BONUS: Includes the cannoli-cookie recipe featured in the story.

SELLING POINTS

- Sweet, clean Christmas romance with holiday appeal
- Charming Pittsburgh bakery setting
- Second-chance romance with a former teenage crush
- Includes a festive cannoli cookie recipe

PRAISE FOR BOOK

A simple, sweet romance ... will prove to be a source of joy for those who love Christmas, romance, and cookies. I can definitely recommend the read. **- Readers' Favorite**

Perfect holiday/December read. I really enjoyed Isabella's character, and of course we can't forget swoony Nate. But the supporting cast of friends made this really come to life! **– Author Heather Moore, Best of State (Utah) and the League of Utah Writers awards.**
