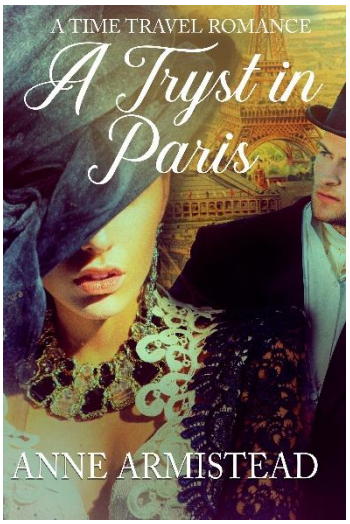
A TRYST IN PARIS, A Time Travel Romance
Author: Anne Armistead



A time-traveling carousel. A wronged French detective. A forbidden love that defies time. What happens in 1900 Paris stays in 1900 Paris… or will it?

When Mirabelle Montgomery steps onto the Luxembourg Carousel in Paris, she's swept back to the glittering world of 1900 France. To return home, she must restore one man's fate—or remain trapped forever.

Enter Jacques Thibaut, a brilliant detective whose career has been destroyed by false accusations. If Mirabelle can clear his name, his destiny will reset. But falling in love with him threatens both their futures.

As Belle Époque Paris shimmers around them—cabarets, carriages, and whispers of anarchist plots—Mirabelle faces an impossible choice. She must decide whether to restore the past as it was meant to be—or surrender to a love destined to live only in her memory.

Winner of the 2024 Georgia Independent Author Award (Historical Category). Killer Nashville Silver Falchion Top-20 Pick. Finalist in Georgia Romance Writers Maggie Awards. Finalist in RWA Hearts Through History. Finalist in Georgia Author of the Year Awards.

PRAISE FOR BOOK

Armistead crafts a tale that is as rich in romance as it is in suspense . . . A Tryst in Paris promises an exhilarating escape, making it a must-read for readers who yearn for romance intertwined with the magic of time travel. **– The Historical Fiction Company**

There is no easy way to guess how this story will all work out, which is what I like about it. The ending was reminiscent of a Jude Deveraux book I read many years ago. **– Kim Conrey, Georgia Author of the year, *Stealing Aries.***
